Title - Florence Nightingale Website

For my microsite, I plan to explore Florence Nightingale's life, her contributions to modern nursing, and her impact on healthcare. The website will be organized into six pages, starting with an introduction to Nightingale and her early life, then focusing on her work during the Crimean War. The following sections will explore her contributions to nursing, her use of statistics, and her lasting legacy. I also plan to include historical photographs, illustrations, and diagrams to help illustrate her story.

Page 1: Home / Introduction
- Brief introduction to Florence Nightingale
- Overview of her importance to modern nursing
- Portrait of Nightingale
- Navigation to the main sections of the website

Page 2: Early Life and Education
- Family background and childhood
- Education and early interests
- Her decision to pursue nursing
- Early nursing training and experiences

Page 3: The Crimean War
- Nightingale's arrival at the military hospital in Scutari
- Conditions faced by wounded and sick soldiers
- Her efforts to improve sanitation and patient care
- The origins of her nickname, "The Lady with the Lamp"
- Historical photographs and illustrations

Page 4: Nursing and Healthcare Reform
- Establishment of the Nightingale Training School
- Contributions to nursing education and professionalization
- Improvements in hospital sanitation and organization
- Influence on public health and healthcare reform

Page 5: Statistics and Legacy
- Her use of statistics to communicate healthcare problems
- Development and use of polar area diagrams
- Recognition and achievements during her lifetime
- Lasting influence on modern nursing and healthcare

Page 6: Sources
- Wikipedia article on Florence Nightingale
- Historical images and illustrations
- Additional research and image credits
